

Rear-Discharge Mixers | The Standard Specifications

ROADBUILDING

REAR-DISCHARGE MIXERS

New from Terex: The premier name in front-discharge mixers is now the premier name in rear-discharge mixers, too. That makes us The Total Solution™ for any concrete placement need. Front or rear, you get everything Terex has come to be known for: top quality ... the wisdom of experience ... fast, responsive service, before and after the sale ... readily available parts ... and delivery you can count on. So, what's your preference? Front-discharge, rear-discharge—or both? Any way you look at it, Terex is looking mighty good for your bottom line.

DETAILS. DETAILS.
